BUSH IN LYON.

Opens Up On Cook With New and Most Serious Charges.

As Usual Judge Cook Admits the Facts and Tries to Explain Them Away.

In the joint discussion at Eddyville Monday, Judge Bush brought some new matter into his speech. There was a noisy minority of Cook men in the large crowd present, but Bush clearly had a large majority of the voters with him. The applause given him was general and liberal.

Judge Bush nailed Judge Cook about illegal allowances to his brother-in-law, Master Commissioner in Calloway county and about his tampering with the Calloway county grand jury. He did not deny that the allowances were excessive in a single case referred to in the Calloway Times, or that the excessive allowances reached nearly \$500 in 31 cases, but claimed in a general way that his allowances had been no more than those made by his predecessors and said further that in some cases the allowances were exact by the attorneys in the cases. Bush urged that that was no excuse, that it was the duty of the court to protect litigants, many of whom were widows and orphans, and not allow them to be imposed upon by lawyers. Bush said it was a funny argument for Cook to be making, as he had been urging that the lawyers, or some of them, were against him because they could not control him.

He said that he took all the grand jurors from the wheel and selected the number required because he wanted to get grand jurors from all over the county, when in fact five of them were within a radius of 3½ miles and three others were in 1½ miles of each other. Bush charged that after making up his jury unlawfully, he put a special judge on the bench and went to Trigg county to fill his appointments, but on the following Saturday a motion was made to set aside some verdict because returned by an illegal grand jury. That motion he said, was to have been acted on by Special Judge Flournoy, but Cook was summoned back from Trigg county and he left his appointments and to prevent the special judge from passing on that motion, resumed the bench and stayed there until court adjourned. Bush asked him why he left his appointments and went back when there was a special judge on the bench and he said he "had reasons" for it.

The Kentuckian has information that Lyon county is in good shape for Bush and will after the speaking this week be safe for him. Mr. Bush is expected home today and will spend the rest of the time in Christian county.

Wallate as his proxy on motion it is ordered that a primary election be held on the 9th day of May 1903 to select candidates for circuit judge and commonwealth's attorney and that said primary be held under and according to the laws of the State of Kentucky at the regular voting places in the respective counties composing said district.

Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottle at R. C. Hardwick.

SPECULATION.

A Self-Made Merchant Gives His Son Valuable Advice.

George James Lorimer, in his "Letters from Self-Made Merchant to His Son," says some valuable things on speculating.
Now, says Mr. Lorimer, pork packer, Chicago, writing to his son, I want to give you that tip on the market. There are several good reasons why it isn't safe for you to trade on "change" just now, but the particular one is that Graham & Co. will fire you if you do. Trading on margins is a good deal like paddling against the edge of the old swimming hole—it seems safe and easy at first, but before a fellow knows it he has stepped off the edge into deep water. The wheat pit is only 200 feet across, but it reaches clear over to hell. And trading on margins means trading on the narrow edge of nothing. When a man buys, he's laying down something that the other fellow hasn't got. When a man sells, he's selling something that he hasn't got. And it's been my experience that the net profit on nothing is nil. When a speculator wins he don't stop till he loses, and when he loses he can't stop till he wins.

You have been in the pork business long enough to know that it takes a hull end of seconds to lose his hide, and if you'll tell me, sure as I tell you that you can't beat me, I'll be quick on "change," you won't have a horse of trade from me for your pet for a long during the long winter months.

Because you are the son of a pork packer you may think that you know a little more than the next fellow about paper pork. There's nothing in it. The poorest men on earth are the relations of the butchers. When I all times on "change," they remember that they are traveling into the city in the case of a fire, and if the market goes up on me I've got the same meat to deliver. But if you lose, the only part of the hog which you can deliver is the head.

I wouldn't have down so hard on this matter if money was the only thing that a fellow could lose on "change." But if a clerk sells pork, and the market goes down, he's mighty apt to get a lot of holes with holes in them and bad habits as the small change of his profits. And if the market goes up he's likely to go to his self-respect to win back his money.

I dwell a little on this matter of speculation because you've got to live next door to the board of trade all your life, and it's a safe thing to know something about a neighbor's dogs before you try to put them. Sure Things, Straight Tips and Dead Finches will come running out to meet you, wagging their tails, and looking as innocent as if they hadn't just killed a lamb, but they'll bite. The only safe road to follow in speculation leads straight away from the board of trade on the dead end.

Of course the board of trade and every other commercial exchange have their legitimate uses, but all you need to know just now is that speculation by a fellow who never owns more pork at a time than he sees on his breakfast plate isn't one of them. When you become a packer you may go on "change" as a trader; and then you can go there only as a sucker.

LIVING WITHOUT WORK.

Gen. Booth Has Pronounced Views Upon the Giving of Charity.

Gen. William Booth, founder of the Salvation Army, does not believe in the ten-million dollar home which the late Winfield Scott Stratton proposed to build with his vast fortune.

In an interview he said: "It is all a mistake to give poor people so much charity. They should be made to work, for no one has the right to live on the product of another man's labor without giving proper compensation." It was remarked that the home was for the indigent poor and crippled, whereupon the general said: "I do not care if they are crippled; they should work anyway, for every body can do some work. Even my wife, when she was in her last illness and paralyzed in her right arm, learned how to do it with her left hand, and worked on a pair of slippers for me, finishing them within four days of her death. The Stratton home may be all right, but it is all wrong to get together a large number of men and women, clothe and feed them for nothing, and not require them to 'work.'" Denver (Col.) Times.

Laughing Stock.

A rural citizen in Ohio has cows that laugh. Of course they are the laughing stock of the neighborhood.—Chicago Daily News.

Life Is At The Worst

For a woman who suffers on that period known as "the change." Life that is hitherto run happily and smoothly is thrown from its accustomed groove by a sudden shock, which jars the body and disturbs the brain. The suffering of women at this period varies, but while some escape with little distress, the majority of women suffer more or less acutely at this trying time.

Dr. Pierce's Favorite Prescription proves itself anew the friend of women at this crisis. It cures headache, backache, nervousness, sleeplessness and other womanly disorders, and perfect and permanently re-establishes the general health.

A Woman's Recommendation.

"My physician said I was suffering from the effects of change of life," writes Mrs. M. J. Jones of Hollis, Tenn. "I had least disease and intense trouble and rheumatism. My head was so dizzy I could hardly stand up. When I began to use Dr. Pierce's medicines I improved right along. I took seven or eight bottles of the Favorite Prescription, a teaspoonful three times a day, and the 'Pleasant Pellets' at night. I feel as well as I ever did. I take great pleasure in recommending Dr. Pierce's medicines to suffering women. I think they are the best medicines in the world. I can say enough in their praise. The 'Favorite Prescription' cured me after I had been sick for two years so I was finally able to be about."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Accept no substitute.

The struggle between Russia and China for the Manchuria country threatens to bring on most serious complications.

President Roosevelt has returned from Yellowstone Park and will be in St. Louis a day or two before returning to Washington.

King Edward and King Victor met in Rome this week and kissed each other four times. It goes without saying that they were glad to see each other.

The "belonging" of the Cumberland Company at Henderson, who struck for longer dinner hours, have gone back to work. The company opened a lunch stand in the exchange as a concession.

Gov. De Forest Richards, of Wyoming, died Tuesday of kidney disease, aged 75 years. He was succeeded by Fennimore Chatterton, Secretary of State, as Wyoming has no lieutenant governor.

The President's speech in favor of large families is causing much comment from the female fragnets. Most of them take issue with Teddy and give him to understand that he does not understand the baby problem. Mrs. Mary A. Livermore says "the need is not for more children, but better ones."

Win. R. Hearst, editor of the New York World, and a Democratic congressman, was married Tuesday to Miss Millicent Wilson, of New York. Mr. Hearst is 39, and his bride 21. His bride is an actress and a noted beauty of the blonde type.

500 Reward, \$500.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, thereby destroying the foundation of the disease and by increasing the patient's strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TEN POTENT REASONS.

Here are ten of the many reasons why Judge Cook should not be re-elected:

- 1—He is on record as opposing the endorsement of Judges Linn and White.
- 2—The management of his campaign in Christian county presents a strong local reason for opposing his aspirations.
- 3—He has been reversed in 30 out of 40 of his cases appealed to the higher court.
- 4—He has in four instances misused the trust funds in Trigg county to the aggregate of \$1,473 and pleads ignorance as his excuse for violations of a criminal statute, the maximum penalty for which is \$1,000 fine in each case.
- 5—He is accused of allowing a fee of \$500 in a Lyon county case when the legal fee was only \$100.
- 6—He is accused of allowing his master commissioner in Calloway county, who is his brother-in-law, allowances in 30 cases in excess of the legal fees to the amount of \$468. This charge he has admitted and his only explanation is that in his opinion the services were worth more than the legal fees.
- 7—He is charged with making up the grand jury in Calloway county last month in a manner flagrantly violating the law, "picking" names instead of drawing them from the wheel. He admits the charge in an affidavit filed in the Calloway court.
- 8—He is accused of voting for J. H. Farless, a Republican, in a local race, over Democrats, and admits the correctness of the record.
- 9—His campaign manager in Calloway county voted and worked for Breathitt over Linn for judge in 1895 and helped to defeat the Democratic nominee.
- 10—His nomination would force the Democratic party to make a defensive campaign in a close and doubtful district.

These reasons are based on his record, to which he invited attention. They are not personal or presented in a factious or unfair spirit. They are weighty reasons why Judge Cook should not ask to be again put forward as the nominee of his party.

The following are some of the reasons why C. H. Bush should be nominated:

- 1—He is a man of superior ability and profound knowledge of the law.
- 2—His county has not had a (Democratic) judge since 1868, more than a generation.
- 3—His record as a Democrat is without a flaw and he has inherited the honor.
- 4—Christian county is the largest county in the district, has court four months in the year, and does one-half of the business of the four counties. It is therefore entitled to the judge.
- 5—Judge Bush is a lawyer and not a professional politician and if elected it will be to be a just judge and not a spoilsman.
- 6—The lawyers of the district are almost solid in his support. The members of his own bar are for him, with but very few exceptions.
- 7—He has held himself aloof from factions and could poll the full strength of his party.
- 8—His qualifications are admitted by all and his claims should be universally recognized by his home people.
- 9—His nomination would be equivalent to an election, since the Republicans of Christian county who are probably aspirants, would not run against a Christian county man.
- 10—He is the best man for the place.

It is said the largest dam ever constructed has been built across the Nile in Egypt. After the gubernatorial nomination has been pulled off, the editor of the Kentuckian hopes to find time to write a series of very interesting articles about this wonderful achievement.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of **Hood's Sarsaparilla**.

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my sight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." **SEN. A. HANCOCK, Withers, N. C.**

Hood's Sarsaparilla promises to cure and keeps the promise.

It is a fact that it has cured many who have borrowed money from his Commissioner.

8—Because he would draw his salaries as the law directs.

9—Because he has never asked for office before and says he would not ask to be re-elected.

10—Because he can be elected in November.—Calloway Times.

The Supreme Court of the United States has refused to take jurisdiction over the question of negro disfranchisement, in a case appealed from Alabama. This leaves several southern states with constitutions limiting negro suffrage. This settles the question, except that Congress threatens to make votes and not population the basis of representation.

A Hopkinsville man who spent a day or two in Calloway this week, says that county is absolutely sure to give Bush a majority that may go to 500. The excitement is equal to the closing days of a presidential campaign and thousands of Bush's pictures are to be seen all over the county. Many business men are devoting practically all of their time to pushing his canvass, and even the women and children are talking for him on every hand.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by R. C. Hardwick, Druggist. Price 50c, and \$1.00. Trial bottles free.

Jolly For Gary.

Our personal friend, Mr. Geo. E. Gary, has been elected chairman of the Christian county Democratic committee. Mr. Gary is one of the most accomplished young business men of his city, being secretary and assistant general manager of the Forbes Manufacturing Co., and with all that is a Democrat true and tried. Accept our congratulations, friend Gary.—Elkton Progress.

A Runaway Bicycle

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica salve cured. It's just as good for burns, scalds, skin eruptions and piles. 25c. at R. C. Hardwick's drug store.

Telephone Strike Ended.

Henderson, Ky., April 28.—The telephone girls' strike has ended. They returned to work without any concession from the East Tennessee company.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at R. C. Hardwick's, druggist.

PEACE REIGNS

After a Good Deal of Splutteration.

The tempest in the teapot over the recent election of a new chairman of the county committee and the dissatisfaction over some of the election officers has subsided. The losing side attempted to get up another meeting of the county committee to reopen the matter, but finally concluded to confer and the differences were adjusted without difficulty. The Cook men were given one more sheriff in Hopkinsville, making the city sheriffs stand two and two, and the entire committee has acquiesced in the election of Chairman Gary, who also becomes chairman of the District Committee. The Kentuckian is glad that wiser counsels prevailed and that both sides finally agreed to act sensibly and harmoniously.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c, at R. C. Hardwick's drugstore.

PROF. FUQUA

Looks Like a Sure Winner For Superintendent.

In the race for the nomination for Superintendent of Public Instruction, Prof. Jas. H. Fuqua, of Logan county, is leading his opponents by several lengths. Prof. Fuqua's long service in the schools of Kentucky has especially fitted him for the position he seeks and his nomination is now almost assured. One thing that makes Prof. Fuqua especially strong in Christian county is that he will make Harry G. Tandy, a native of this county, his chief clerk. Mr. Tandy is now in Western Kentucky, making an active fight for his man and is doing some telling work.

The ladies wonder how Mrs. H. manages to preserve her youthful looks. The secret is she takes Prickly Ash Bitters. It keeps the system in perfect order. R. C. Hardwick, special agent.

MRS. LUTTGERT ALIVE.

Said to be Living in South Carolina Forest.

Mrs. Louisa Luttgert, whose identity for six years has been such a mystery as the exact whereabouts of Charles Ross or Willie Tascott, has been found again.

Attorney J. C. Sims, of Spartanburg, S.C., has written to Lawrence Harmon, who was one of Adolph Luttgert's lawyers during the sausage maker's murder trial in Chicago. Mr. Sims says that Mrs. Luttgert is living in a turpentine forest near Spartanburg, and that she would have revealed her whereabouts sooner if a gang of men that had kidnapped her had not held her for a \$25,000 ransom.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of Prickly Ash Bitters quickly corrects the disorder and sends the blood tingling through the veins, carrying life and renewed energy throughout the system. R. C. Hardwick, special agent.

TRIPLE HANGING

For Clarksville, If Lower Court is Affirmed.

The three Johnson brothers, Peter, Clay and John, convicted in Clarksville of the murder of Oscar Redman, at a colored festival near Needmore, last October, were sentenced to be hanged May 29. An appeal to the Supreme court was granted, however, and as the case will not be reached before December, if the lower court is affirmed, it is not likely that the execution will take place before sometime in 1907.

Prickly Ash Bitters cures the kidneys, regulates the liver, tones up the stomach and purifies the bowels. R. C. Hardwick, special agent.

James Lost to the Kentucky State College Boys.

The State College base ball team won every game of the series of three played here this week with the S. K. C. cadets. The scores were as follows:

Monday—K. S. C., 12, S. K. C., 8; Tuesday—K. S. C., 15, S. K. C., 14; Wednesday—K. S. C., 15, S. K. C., 5. Large crowds witnessed each game. The K. S. C. boys went to Clarksville and are playing a series of games in that place with the S. P. I. nine. The latter club had to cancel their dates with the S. K. C. cadets for today and tomorrow in order to play with the Lexington team.

Examination for Graduation.

The examination for graduation in the Common Schools of the county will be held on Friday and Saturday, May 8 and 9, 1903. The applicants will be required to stand an examination on the ten common school branches and to make a general average of 75 per cent.—no grade being less than 60 per cent. in order to obtain a Diploma. There are many pupils in the different schools of the county who should take this examination and receive the diploma. Parents and teachers should interest themselves to see that they do so. Pupils in the city schools who have completed these studies should also have this diploma before they graduate in the High School. KATIE McDANIEL, County Superintendent.

Denny P. Smith, candidate for Commonwealth's Attorney, will speak at the following times and places in this county: Pembehoke, Friday, May 1, 7:30; Fairview, Saturday, " 2, 1:30; Hopkinsville, " " 2, 7:30; " Monday, May 4, 1:30. Hon. J. C. Duffy is invited to accept a division of time.

NEW STATUTES.

Plaster Commissioner's Allowance Explanation That Does Not Explain.

Judge Cook lately tried in last week's Ledger to explain away the commissioner's allowance article in the Times, but his explanation explained nothing. He says that Rendell, Grace, Breathitt, etc., made just as large allowances. We grant that that is true, and that Judge Cook can show a list substantiating it, but here is the milk in the cocoanut: Section 1740 of the Statutes was enacted to prevent just such things, and Judge Cook well knows that under each of said Judges, Section 1740 was not operative, that it only went into full force and effect with his term of office, and that it was enacted by the legislature for the purpose of preventing the very things he cites under his predecessors and that these and similar extravagant allowances elsewhere in the State were the cause of this section becoming a law, and that it went into full force with his term.

Now Mr. Cook will plead ignorance of this law or still try to blind the people by telling them that others did just as bad or worse under the old law?—Calloway Times.

Meeting Closes.

The revival services that had been in progress at the Methodist church during the past three weeks came to a close last night, though there will be a service this evening at the church in the interest of religious movements. There have been large crowds in attendance upon the services, and numerous conversions and a large number of additions to the church. It has been one of the most interesting series of meetings held in the church here recently. Rev. J. L. Clark, of Paris, Ky., who has been conducting the services, left for his home this morning.

DAN GROSVENOR SAYS:

"Pe-ru-na is an Excellent Spring Catarrh Remedy—I am as Well as Ever."

HON. DAN A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy."

DAN A. GROSVENOR.

In a recent letter he says:

"I consider Peruna really more meritorious than I did when I wrote you last. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, yes."—Dan A. Grosvenor.

A County Commissioner's Letter. Hon. John Williams, County Commissioner, of St. West Second street, Duluth, Minn., says the following in regard to Peruna:

"As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a bad case of catarrh and I know it will cure any other sufferer from that disease."—John Williams.

A Congressman's Letter.

Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy:

"I can conscientiously recommend your Peruna as a fine tonic and all around good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it, as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."

W. E. Griffith, Comstock, Texas, writes: "I suffered with chronic catarrh for many years. I took Peruna and it completely cured me. I think Peruna is the best medicine in the world for catarrh. My general health is much improved by its use, as I am much stronger than I have been for years."—W. E. Griffith.

A Congressman's Letter.

Congressman H. Bowen, Bunkin, Tennessee county, Va., writes:

"I can cheerfully recommend your valuable remedy, Peruna, to any one who is suffering with catarrh, and who is in need of a permanent and effective cure."—Bowen.

Mr. Fred D. Scott, Laros, Ohio, Right Guard of Hiram Foot Ball Team, writes: "As a specific for lung trouble I place Peruna at the head. I have used it myself for colds and catarrh of the bowels and it is a splendid remedy. It restores vitality, increases bodily strength and makes a sick person well in a short time. Give Peruna my hearty indorsement."—Fred D. Scott.

Gen. Ira C. Abbott, 606 M street, N. W., Washington, D. C., writes:

"I am fully convinced that your remedy is an excellent tonic. Many of my friends have used it with the most beneficial results for coughs, colds and catarrhal trouble."—Ira C. Abbott.

Mrs. Elmer Fleming, orator of Roosevelt Council No. 108, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 226 Park street, N. E.,

"I have been troubled all my life with catarrh in my head. I took Peruna for a bout three months, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."—Mrs. Elmer Fleming.

Mrs. Elmer Fleming, Minneapolis, Minn.

Treat Catarrh in Spring.

The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring.

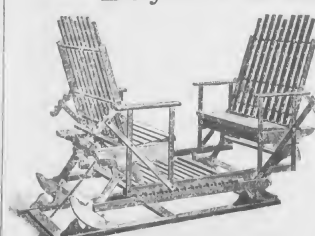

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

HOW HE TAMED WILD BIRDS.

Experience of English Clergyman in
Feeding Them in Winter.

In the bleak, winter time, whether
one lives in the country or the
city, he frequently sees groups of
snowbirds hovering about his cere-
ment, only to take a swift depart-
ure as soon as he opens the win-
dow. The birds will then alight
on some twig or roof near by, chat-
ter among themselves in conference,
and as soon as the householder
shuts the window they will again
fly back to the sill.

These birds are buggars. If one
wishes to win their friendship it is
an easy task. Grant the birds a
few bites to eat, and the conquest of
their affections can be made in a
few days. Man is by no means the
only member of the animal king-
dom whose heart may be reached
through his stomach.

An English clergyman, in a re-
cent article in the Pall Mall Maga-
zine, tells how he has been suc-
cessful in taming a dozen or more
varieties of birds, simply by coaxing
them through a few benevolent
crumbs into the belief that he was
a true friend. Visitors to his coun-
try home often found him standing
in his garden, with a robin eating
crumbs from between his lips, while
on one hand was perched a bluetit
and on the other a sparrow, all ap-
parently as confident of their secur-
ity as if in their nests.

After many fruitless attempts the
minister learned that the only time
to train birds was in the winter.
Then their stock of worms and
grubs has been exhausted, and,
with the trees bare and snow on the
fields, the birds must beg, steal or
die.

In taming a bird, he says, the
same as taming any other living
thing, man is slowly winning its
confidence. The conquest is at-
tained not through fear, but
through trust. In taming a bird,
food is used as only a means to
show the feathered beggar that the
giver of it means him good and
not harm. The first step which the
English clergyman took in captur-
ing the affections of his wild bird
visitors was sprinkling some crumbs
each morning on his doorstep. The
news of this charity spread with
great rapidity through the leafless
woods, and flocks of robins, chaf-
fins, colubids, bluetits, grackles,
sparrows, blackbirds, thrushes and
an occasional jayhawk came to feed.
After the newcomers had grown
perfectly confident of their secur-
ity in hopping over the steps when
the minister was indoors they had
another test.

The clergyman then spread sev-
eral crumbs of cheese or cake on his
palm, and rested his hand on the
ground. After a great deal of twit-
tering one or two bolder spirits
darted forward and snatched up the
crumbs. The experiment was re-
peated, and the birds came for the
crumbs with less timidity. The
robins, braver than most of their
brethren, led the way. After a
time, the minister placed a cracker
in his teeth, to find that a robin
would fly into his face, and care-
fully, but with lightning-like quickness,
snatch the food in its bill and dart
away.

After this time the birds did not
wait to be invited. As soon as they
saw their master walking in his
garden they would creep about his
head, and if he stopped a moment
to regard their importunities a
robin or a bluetit would hop to his
shoulder and chirp in the most
pleasing sort of way. If he sat on
his porch to read the birds at last
nipped at the paper or the page-
of his book to attract his attention.
A whistle at supper time would
bring a responding flutter of wings
from all directions. The coming of
spring showed that the bonds of
friendship which had been formed
in the months of winter destitution
were far too strong to be dissolved
by warm spring sunshine and fresh
green fields. A few migrates dis-
appeared, but the majority re-
mained. Indeed, the custom of
begging, of having their food ob-
tained for them, of being exempt
from the worry and uncertainty of
hunting for it themselves, seemed
to have demoralized their independ-
ent spirit. Crowds of loiterers hung
about the garden watching for the
clergyman, whose approach was
greeted by tumultuous chirping.
Some left the rectory for a time to
nest, only to reappear with their
little ones, to introduce them also
to a life of vagrancy.

A MAN WITH A RECORD.

Pet to Shame the One Who Relies Upon His Memory.

"I flatter myself that I keep track of the weather about as well as the bureau man himself," said a resident of Jefferson avenue the other day as he looked up to note the state of the heavens, according to the Detroit Free Press, "and I feel humiliated at what happened on the car yesterday morning. Three of four of us were talking about the weather for the past winter, and I mentioned that we had nine very cold days in December. An old chap across the aisle who had been listening to our talk, dived down to his pocket and pulls up a memorandum book and softly says: 'My dear sir, I think you are mistaken. We only had three cold days in December. I have the record here. It was December 22, 23 and 24.' 'I ignored him,' said the oracle, 'and remarked to my friends that January 8 and February 19 were the two coldest days of the winter.' 'I beg your pardon, sir,' put in the man with the book as he held it up against his nose to see. January 8 was so mild that I went without an overcoat, and on February 19 the thermometer marked 11 degrees above!'

"I tried to save my reputation by announcing that we had had 28 days of sleighing in Detroit during December, January and February, but that book went up to the old fellow's nose again and he replied: 'No doubt you mean well, but you are mistaken again. We have only had 24 days, and three of those were very poor.' 'You may have heard the birds singing alone about January 17,' said I, thinking to get even with him. 'No, sir,' he blandly replied. 'From the 17th to the 23d it was fairly cold, but on the 23d the birds began to start on my roosebush.' 'The old chap lied—deliberately and maliciously lied—and I knew he did,' said the weather-wise man with bitterness, 'but what could I do? He had the record in his little book, while I had nothing, and before that car got down to Woodworth avenue my reputation as an oracle was knocked into a cocked hat, and my fellow passengers were venting me with pity and contempt!'

A QUEER DOCTOR.

Writes a Queer Letter to the Pension Authorities in Washington.

"The officials of the pension office receive some queer answers to the letters of inquiry sent out over the country regarding pension claims. It becomes necessary for the officials of the bureau to communicate with the neighbors and relatives of a claimant to ascertain whether or not the claim made against the government is just and whether or not it should be allowed. It frequently becomes necessary to call on the physicians of the claimant for evidence as to their ailments, and it very often happens that these physicians are men who have never received a diploma in medicine and whose title to their degree is through the courtesy of their patients only. It became necessary, says the Washington Star, several weeks ago to communicate with a 'doctor' living in North Carolina as to the condition of one of his patients who had claimed a pension and who alleged he was in a very bad way as a result of his service for his country. The following reply received a few days ago from the 'doctor' in question is characteristic of the character of replies received at the bureau frequently:

"While milkin my kyes. Be com to mee and seez he I Fel a mizer in mi Invidies I giv him sun medison which mi him know good, and He Never wee if he geverment don cum to his Relief. 'doctur Brown, Nosh Kina.' 'I never seen the pashant until he was berried, he died from the service of wich you have his alimant in your Barn but his mother said this is the case.

"I never seen his mother, she is ded for a long time. The pashant had no father his mother was a widow and old."

FIRM MARKET.

Both Loose and Cask Goods Find Ready Sale.

The tobacco market this week was firm, with satisfactory prices prevailing. R. M. Woodruff & Co., had a good sale of the loose weed on the 10th. Tuesday's again yesterday. The tobacco offered consisted of lugs and common to medium leaf and there were very few rejections. Sales on the break were also good, and prices ruled about the same as last week. There were only eight bogheads rejected.

Receipts for the week were 430 hog heads. Sales for the year, 274 bogheads.

A MILE LONG

Was the Carnival Industrial Parade.

The First Prize Was Awarded to
T. L. Metcalfe's Greenhouse Float.

The Odd Fellows' carnival has brought many visitors to the city this week and the carnival is a success in every way.

The crowning feature in public interest was the industrial parade Wednesday morning, which was a mile or more in length.

The weather was delightful and the crowd was the largest of the week. The parade stopped at the crossing of Main and Ninth streets, where Mayor Joett Henry presented a handsome diamond pin to Judge A. H. Anderson, the king of the carnival, and Mr. T. C. Underwood presented the diamond brooch awarded to Mrs. H. M. Dalton, the queen. Both speeches of presentation were forceful and appropriate. The parade ended at the park. The order of formation was as follows:

Mounted police and fire department in wagons.
Wright's band.
Carriages containing city officials and executive committee of Green River Lodge on foot.

Float containing queen and 29 young lady attendants.

The award committee composed of Messrs. F. W. Dabney, C. F. Jarrett and Ed D. Jones gave the first prize, \$25 to T. L. Metcalfe, second, \$15 to Forbes-Mig. Co., and third, \$10 to Planters Hardware Co. T. L. Metcalfe had the handsomest float in the parade. It consisted of a big float decorated in flowers and evergreens. In the midst of the floral bower his little son, Thomas, sat driving two large white swans, life size, with lines of ribbons. It was a beautiful display of his greenhouse and laundry products, and richly deserved the first prize.

The carnival continued with increasing crowds. The evening attendance is especially large. The best days will be today and tomorrow.

The Wright Company has ten attractions, all good shows, clean and meritorious.

TRUSTS!

Are the natural enemies of the farmer. When he goes to sell the products of his farm he wants as many buyers to compete for these commodities as can be obtained. Then when he wants to make a purchase of an implement he doesn't care how many sources present themselves from which he can buy. The more, the better for him. To illustrate, if he wants a binder he will find that the Deering, McCormick, Plano, Milwaukee and Champion are all in a combination and afford him no competition.

THE OSBORNE

IS THE ONLY binder obtainable in this county that is not in this combination. The farmer's only hope to get binders in future at reasonable prices.

Helping the Osborne Company means fighting the trusts. The owner of the big Osborne Machine Company made speeches all over the State of New York last year against trusts. He is a man of the people, for the people, and his binder is the binder for the people. If his company goes down under the assaults of the trusts, the farmer has no alternative but to buy trust binders.
